

Description

Alemlube has drawn on its depth of industry knowledge to produce the new **50114 Digital Tyre Inflator** - ideal for workshops in need of a professional tool that won't break the bank. This highly accurate inflator is suitable for all kinds of tyre applications. Its ability to inflate up to 100psi, coupled with its robust construction makes it an ideal addition to the tyreshop tool box.

Simple to use, it features hand trigger inflate and thumb operated deflate buttons so that the user can achieve accurate tyre pressures with speed and ease.

The gauge itself features an auto power off function to preserve battery life, which is an excellent 1,000 hours use.

Measurements can be taken with different units of pressure - psi, bar, kpa and kgf/cm². The choice can be selected with the simple push of a button, with the last selection saved.

In short, the Digital Tyre Inflator makes entry level electronic inflation technology available to all, and is a very useful addition to any professional workshop.

Key Product Features

- psi, bar, kpa, kgf/cm² units of pressure selectable by button; last selection saved
- Replaceable battery
- Auto power off
- Hand-trigger inflate; thumb-controlled deflate
- Solid and robust construction

Key Product Benefits

- Large, clear, easy to read LCD display
- Reliable accuracy (+/- 1psi up to 60psi, then 2psi up to 150psi), with individual testing and certification
- Easy and cost-effective to use
- Low and simple maintenance
- Suitable for all applications including tyreshop environments
- Powered by PCL inflation technology and experience

Specifications

Pressure Range	3 - 100psi/ 0.21 - 6.90bar/ 21 - 690kPa/ 0.21 - 7.03kgf/cm ²
Maximum Supply Pressure	100psi/ 6.90bar/ 690kPa/ 7.03kgf/cm ²
Resolution	0.5psi/ 0.035bar/ 3.5kPa/ 0.035kgf/cm ²
Battery Life	1,000 hours

Product Options

Product No.	Description	Hose Length	Callibration
LCQ-107	DTI Tyre Inflator	0.3m	100psi/ 6.90bar/ 690kPa/ 7.03kgf/cm ²
