April 2016 Update

670AN4

20V Lithium-ion Cordless Grease Gun

The new 670AN4 20V Lithium-ion cordless grease gun from Alemilube is an extremely innovative grease gun featuring an LCD with real time battery capacity, grease level, grease metering information, loss of priming and stall warning that assists the user in always being prepared to have a fully operational grease gun at hand to be active on the job.

Designed and engineered by Alemite USA the 670AN4 is capable of developing a maximum operating pressure of 10,000psi facilitating fast, efficient greasing and offers dual flow rates, low at 113 g/min and up to 170 g/min.

A must for any busy maintenance facility, the 670AN4 can dispense up to fifteen 450g cartridges per charge. Two Lithium-ion batteries are supplied as standard with fast recharging possible in just one hour so you'll never be without greasing power to complete your ongoing work.

Lightweight and ergonomic, the 670AN4 is supplied complete with a 90cm long grease gun flex, a heavy duty coupler and has the versatility of three way loading, 450g cartridge, bulk grease or filler pump.

Protected in a durable plastic moulded carry case, the 670AN4 20V Lithium-ion cordless grease gun provides you with an intelligent and trouble-free high pressure, high volume greasing solution.

PRODUCT SPECIFICATIONS, FEATURES AND BENEFITS

Delivery rates of up to 170 g/min

Grease pressure of up to 10,000psi (690bar)

Suitable for use with NLGI1 and NLGI2 greases

Up to 15 cartridges per battery charge

Built in Intelligence

LCD for real time battery capacity, grease level and grease metering

Loss of priming and stall warning indication

Dual flow rates : 113 g/min and up to 170 g/min

Three way loading: 450g cartridge, bulk grease or filler pump

LED light with on/off control

Ball and needle bearings

Curved slot yoke optimises mechanical efficiency

Case hardened piston for wear and bend resistance

Impact resistant LCD lens surrounded by impact absorbing bezel

Patented air flow management optimises motor and transmission life

Shape, weight and balance designed for less physical strain
