Alemlube Hose Reel Gantry & Storage Cabinets

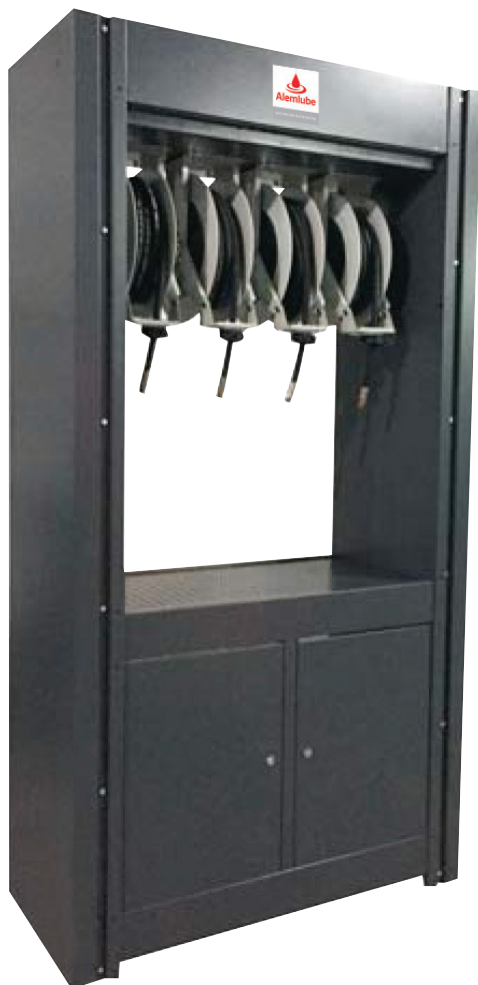

The Alemlube hose reel gantry & storage cabinet range consists of six models, part number 29304 can hold four hose reels, part number 29306 accommodates six hose reels. Complete gantry/storage cabinets inclusive of hose reels are: 29304C-506 (four reels), 29304C-504 (four reels), 29306C-506 (six reels) and 29306C-504 (four reels).

The 29304 and 29306 hose reel gantry & storage cabinets only (without hose reels) have been specifically designed to provide an efficient means of housing hose reels to dispense oil & other servicing fluids and storage facilities all in the one well-designed and space saving unit.

Incorporated in the structure is an oil drip pan to collect any leaks or accidental spills which further makes the unit compliant with safety regulations and helps to keep the workshop clean and hazard free.

Ideally suited to positioning close to service bays, the gantry & storage cabinets can be connected to oil distribution systems and can operate as independent supply outlets.

Manufacturing is of the highest quality and a durable powdercoat paint finish protects each hose reel gantry & storage cabinet and helps to maintain a clean and professional appearance in your workshop.
