

O30070

Oil Transfer Kit with Meter, Hose Reel & Trolley

September 2019

The Alemlube EL Series O30070 Oil Transfer Kit with Meter, Hose Reel & Trolley is ideal for dispensing oil with a maximum viscosity of SAE130 anywhere, any time.

Representing excellent value for money, the Alemlube EL Series O30070 gives you the opportunity to upgrade from standard hand operated oil drum pumps to a pneumatic solution with the benefit of a dual pedestal oil hose reel complete with 15m of 1/2" ID S.A.E. 1001R1 wire braid hose.

The electronic meter with its ergonomic grip is easy to operate and features a lock on device for your convenience.

The O30070 3:1 ratio oil pump is suitable for use with 205L oil drums to perform intermittent or seasonal work complete with the versatility of mobility.

Smart design with fewer working parts effectively facilitates a lower cost of ownership and ensures a long service life.

Manufactured with efficiency and reliability in mind, the O30070 Oil Transfer Kit with Digital Meter, Hose Reel & Trolley is well designed, affordable and is supported by readily available spare parts and our own factory trained technicians available to provide after sales service support.

SPECIFICATIONS, FEATURES AND BENEFITS

- 3:1 ratio air operated oil pump
- Dual pedestal oil hose reel
- Hose reel is powder coated with a galvanised base
- Complete with 15m x 1/2" ID S.A.E. 1001R1 wire braid hose
- Mobile kit delivery rates of up to 8L/min
- Maximum oil viscosity of SAE130
- Reliable oil control valve with meter
- Meter powered by an easily replaceable 3V CR2 battery
- 5 digit liquid crystal display with low battery indicator
- Pump suction tube length of 940mm
- Affordable and robust alternative to hand operated oil pumps
- Easy to manoeuvre industrial strength trolley
- Air consumption of 3.6cfm at 150psi
- Noise level of 82dB
- Low cost of ownership
- Spare parts readily available
